

SAME ROADS – NEW CHALLENGES

October 1 & 2, 2008

Westin Bristol Place Hotel, 950 Dixon Rd., Toronto, ON

Event:	Hosted by Natural Resources Canada's ecoENERGY for Fleets (FleetSmart) and the US Environmental Protection Agency's (EPA) SmartWay Transport Partnership.
Purpose:	Same Roads – New Challenges - This forum will provide an opportunity for transportation industry professionals to explore and discover practical solutions to today's challenge to go GREEN ; managing the issue of energy efficiency in today's on-road fleets.
The Forum Program:	<p>Focusing on the Return on Investment; developing education, training, and technologies for success in a GREEN world.</p> <p>Day 1: Focus will be on calculating the return on investment in corporate operations, driver training and technologies.</p> <p>Day 2: Focus will be on building a GREEN plan, overcoming barriers, and managing, measuring and encouraging success. Industry experts will share their stories and show delegates how to do their own calculations.</p>
Target Audience:	This forum is critical to Fleet Executives and Managers, Supervisors, Driver Trainers, Labour Representatives, Training Schools, Carriers and Shippers, Government Officials and consultants serving the on-road transportation industry. This is a fantastic opportunity for the trucking, bus, transit, municipal, utility and urban fleet employees to network.
